To: Health and Safety Coordinators
 Joint Health and Safety Committee Members
 Human Resources

From: Roberto QUAGLIOTTO
 Corporate Account Manager - Workplace Safety Initiatives
 QUAGtum Inc.

Subject: *New and Exciting "Safety First" Initiatives For YOUR Workplace!*

Working safely in a safe environment is everybody's business and it not only benefits you and your organization, but also fellow workers, new-hires, students, visitors and even your family.

Accidents will happen but many can be prevented following safe work procedures and practices. We all need to be safety-conscious each and every day not only while at the workplace premises but at home and while traveling as well.

The following presentation objective is to share our three (3) workplace safety initiatives that **creatively** and **effectively make use** of our new and exclusive **safety products**:

1) Workplace No Jewellery Program

Highlights: Increasingly **procured** as part of personal protection equipment budget, our **Workplace No Jewellery Program** assists JHSC members **put into operation no jewellery policies, raising awareness and facilitating enforcement on a DAILY basis** with permanent/temporary workers, young/student employees and plant visitors (government inspectors, VIP's, plant tours) **at risk of jewellery-related accidents and injuries.**

The program is implemented in **two phases**:

Phase 1 handles the essentials of the safety initiative --- Equipping employees with the LeClasp Jewellery Holder to attach any-and-all jewellery BEFORE walking in the place of work.

Phase 2 equips workers wearing Medical Alert ID jewellery with choice of THREE (3) unique "NON-DANGLING" substitute (replacement) products that can safely be carried in the place of work.

Work environments prone to jewellery-related accidents and injuries are manufacturing, processing, packaging, wholesale, distribution, construction, oil and gas, forestry, mining, public works, health care, waste and recycling, airline, telecommunication, transportation, agriculture, retail, restaurant and police/firefighters/military industries and sub-sectors.

2) OFF THE JOB Safety First Initiative

For many organizations, there are now more serious injuries happening to employees **OFF THE JOB** (home gardening, playing with kids in parks, garages, back yards, kitchens, practicing sports, vacationing, etc.) that are having a **major impact** in the workforce that it is becoming a serious issue.

The **LeClasp™ Safety First Branded KEY Holders** are an effective vehicle (giveaway, handout, promotional medium) to get your **work safe messages and practices ACROSS TO WORKERS**.

The patented multi-function key holders are **handed out to workers** arriving **decorated with YOUR choice of 100+ Safety First branded messages/logos on the FRONT side** and, the **organization logo and JHSC safety slogan displayed on the BACK side**. The **most significant impact** of this safety initiative occurs when workers **family members and friends INQUIRE** about the **Who? What? Where? When? Why?** of the **VERY VISIBLE Safety First** warning/reminder/reinforcement message.

Recommended employee handout as part of a **health and safety initiative** (workshop, campaign, meeting, NAOSH safety week) that **rewards or commemorates** staffs safety achievements.

Safety First Initiative Giftware

For detail info, contact us @ 888-679-4048

3) Year Round Against Impaired Driving Safety Initiative

Are you searching for a unique **safety initiative idea that saves lives?**

Or... are JHSC members **sick and tired** handing out to employees "same old same old" promotional products (travel mugs, pens, caps, t-shirts, golf balls) at safety meetings, workshops, annual NAOSH Safety Week, summer family picnics, company golf tournaments or Christmas parties??

This initiative features our **Against Impaired Driving Safety Kits**, consisting of the **LeClasp™ KEY Holders** decorated with the **organization logo** and JHSC safety slogan on **FRONT side**, a **"Don't Drink and Drive"** safety message with the **telephone number of a TAXI Fleet Service in your town** displayed on the **BACK side** and snugly tucked into the packaging --- a **Single Use Alcohol Breathalyzer Tester**.

Can you envision **family members and friends reactions** (Who? What? Where? When? Why?) **EACH TIME employees utilize the key holder to call a TAXI or..... the ALCOHOL BREATHALYSER TESTER??**

This safety initiative will **generate year round goodwill** for your company. **WOW'S TOO! GUARANTEED.**

#1450

#1252

#1955

#1960 - Against Impaired Driving Kits include LeClasp Safety First Key Holder (#1450) decorated with the organization logo and safety slogan on the **FRONT side**, the organization logo and local taxi fleet telephone number (#1252) displayed on the **BACK side** as well as... snugly tucked into the packaging --- a Single-Use Breathalyzer Tester (#1955).

Year Round Against Impaired Driving Campaign

For detail info, contact us @ 888-679-4048

Since we caught your **vigilant eye**, I propose forwarding this email to **JHSC members** and **brainstorm** the safety initiatives at an upcoming meeting.

And who knows?? Maybe our encounter will one day soon lead into one of our safety initiatives becoming as an integral and **"inspiring"** part of an Health and Safety Week Initiative at your company

If you require immediate assistance, contact me @ **888-679-4048** or robertog@quaatum.com.

With your permission, I will contact you in the next few days.

Ciaooooooooo,

Roberto Quagliotto
Corporate Account Manager - Workplace Safety Division
QUAGtum Inc.

P.s. I can be reached every business day from 8AM to 6PM. With the **exception** of sunny Friday mornings (May thru October) where WE link up at a golf club in the Montreal

area... and you're invited to join us anytime!!
